"Reaching the Unreached"

July-September

The much awaited Activity Centre for the women of Danuwar community was completed and handed over at Jaretar in Kavre District. The total population of the Danuwars in Jaretar is 3434. The women group of abour 30 organized themselves to support one another and named thier group as "Jartar Creative Women's Community."

NJSI has been involved with these women from the beginning of the emergecy works soon after the earthquake. They have been supprted by NJSI to develop various livelihood and income generating skills like, beads making, soap making, candle making etc.

They used come together under the big banyan tree near by while used the comon vegetable collection centre for their training. So it had been a need to have their own activity centre.

With the funding of Caritas Germany, now they have a beautiful looking multipurpose hall built by NJSI. The house now caters for all the meetings by

Women participating in soap making training the women group, and soon there will more training program like tailoring and advanced soap making conducted there. The group is very happy and proud of their new activity centre and are ready to take on more training planned by NJSI. The program will also include para legal training which will encpacitate them to stand for their own rights. The group is now planning to include more women in the team.

HIGHLIGHTS

Auder Arzamend and Asier Benooa were with NJSI in August for the first time to conduct a workshop for the staff members. The workshop was to train NJSI staff in need assessment and analysing the situation before starting any new intervention in the viallage.

Two Women's Activity Center handed Over

NJSI inaugurated Women's activity centeron 21st of March 2017 where women can operate and conduct programs, share their experiences and grow as one empowered community.
